SUPREME STITCH LTD.

COMPANY PROFILE

ABOUT US

Supreme Stitch Ltd., established in 2008, is proud to be one of the leading and cost-effective garments exporters in Bangladesh. Our modern machinery enables us to produce up to 60,000 knitwear items per day.

We have a highly skilled and experienced team of professionals considered pioneers in the garment industry in Bangladesh. Currently, we employ over 3,000 people who work tirelessly to maintain our reputation for quality and efficiency.

Our company specializes in knit and woven items, with a product range that includes children’s, men’s, and women’s clothing. Supreme Stitch Ltd. has an efficient management team, skilled workforce, strong financial capability, and in-house testing facilities that ensure strict quality control, on-time delivery, reasonable prices, and high customer satisfaction.

MISSION & VISION STATEMENT

At Supreme Stitch Ltd., our vision is to be a globally recognized leader in the garment industry, setting new standards for quality, innovation, and sustainability. We aspire to drive meaningful change in the industry by creating sustainable solutions and fostering positive impacts on society and the environment.

Our mission is to partner with global apparel brands, delivering high-quality, innovative, and sustainable garment solutions while maintaining a strong commitment to social and environmental responsibility.

UPCOMING PROJECT

SUPREME OUTFIT LTD.

Supreme Outfit Ltd. is our upcoming international-standard facility dedicated to producing knit garments and outerwear. The factory will feature 28 operating lines for knit production, each with 45 machines, and 10 lines for outerwear, each with 50 machines. Equipped with advanced in-house printing tables and oval machines, we ensure complete production independence without relying on subcontracting. Production is set to begin approximately in April 2025.

We extend a warm invitation to visit our factory, with the assurance that you will experience our exceptional performance and high-quality working environment.

Thank You !
